# Using This Product

## New Features

The following list covers DefendX Software Vision new features:

- Database maintenance enhancements
  - o The maintenance functionality now utilizes SQL Server Agent jobs to run maintenance operations.
  - o The maintenance operations are now processed in batches. This enhances the performance and also allows for operations to be suspended or cancelled without losing progress.
  - o Status of the maintenance operations can now be viewed in the Data Agent Administration website.

## Bug Fixes

The following list covers DefendX Software Vision bug fixes:

- o SSRS Reports Pack installer fix – when the Reports Pack is uninstalled it may cause an issue with the Default Web Site in IIS, which makes all websites on the server unavailable.
- o [JIRA] (FR-345) Removing an e-mail from Notifications tab in the DCA Admin page causes crash
- o Data Agent Administration site icon not being displayed. Reports site icon not displayed properly in some cases.
- o No longer truncate and re-populate the demo database during an upgrade
- o Reports installer fix - 'modify' mode sql error inserting notification settings
- o Reports installer fix - 'modify' mode summary dialog is empty
- o Active Directory DCA fix - Connection failed error while scanning

## About DefendX Software

DefendX Software helps organizations secure their critical business files and maximize the value of their enterprise file storage resources. From comprehensive intelligence, modeling, costing and chargeback to seamless file movement, protection and archiving, DefendX provides industry-leading capabilities to eliminate waste and align the value of files with the storage resources they consume. With DefendX, important file locations and the users who access them can be monitored to provide governance, protect against theft and enforce compliance policies. For more than 20 years, DefendX Software has been helping public and private sector customers around the world save money and eliminate risk every day.

## DefendX Software Professional Services

DefendX Software's Professional Services offers consulting, training, and design services to help customers with their storage management challenges. We have helped hundreds of customers to implement cost-effective solutions for managing their storage environments. Our services range from a simple assessment to in-depth financial analyses.

For further assistance in creating the most cost-effective Storage Management Infrastructure, please contact your DefendX Software Representative at 800-390-6937.
